

Subscription 05/06

Subscription Fees are to be paid throughout the season to a total sum of £100 for the year and can be paid by instalments from the 1st July 2005 until the 31st December 2005. Special considerations can be given to members who are unable to make payment on time, the reasons should be discussed prior to the signing of the player and put to the committee.

It is the responsibility of parents and guardians to ensure that all fees are paid on time.

In-line with the constitution any one who is more than 2 months in arrears shall be deemed to have resigned.

The club has to be run like a business and the costs involved with running a club are much higher than most people imagine. Some times your child will train in-doors some times out-doors, this has been taken into consideration when working out the operating costs for the season.

Remember the club is run by volunteers who shouldn't need to chase fees!
